N.b :

- The Royal Moroccan Chess Federation has discontinued its activities since 2017 and until now it has not held its public gathering to elect a new directors office pending the licensing of the Ministry of Youth and Sports. Therefore, all data are approximate due to the failure of a group of clubs to renew their involvement in the Federation.

- With regard to chess schools, the Royal Moroccan Chess Federation does not currently have official schools affiliated with it, but there are many initiatives to teach chess in private and public educational institutions and others within some sports clubs carried out by some coaches and limited clubs within the framework of implementing the partnership agreement concluded between the Federation and The Ministry of National Education in 2014, and therefore it is difficult to count these initiatives and the number of beneficiaries of them, as they are only personal and informal initiatives. The Royal Moroccan Chess Federation is seeking to develop it in future in partnership with the International Chess Federation and with all the interveners locally; therefore, The statistics provided at the school chess level are approximate.
