NATIONAL CHESS FEDERATION (NCF): CHILE

CONTINENT: AMERICA

DEVELOPMENT LEVEL: 2

PERIOD: October – December 2020

Key Performance Indicators (KPIs)¹ are the critical (key) indicators of progress toward an intended result.

The NCF is required to measure the effectiveness of its programmes using the KPIs listed below. The NCF is expected to complete both the **Baseline** and **End of Period-target** values. It is possible that a Federation may not be able to report on a particular KPI and this will be taken into consideration at the end of the reporting period. NCFs can also make use of the '**Comments**' field as required. The NCF is also allowed to include any additional KPIs that it considers to be relevant for reporting purposes.

When the NCF is preparing its final report for the end of the reporting period, the actual values of the KPIs need to be completed for each KPI identified.

IX.- General Conclusions

The contribution delivered by FIDE was fundamental for the organization of the online competences finally benefited by it. It was the first experience to us organizing online competitions, and the results were unexpected by the excellent response from the Chilean players.

As federation we grow in the experience of organizing online competitions. Our arbiters learned how to control a competition in this way and the general feeling from players and organizers was good.

Also, we organized for the first-time arbiters and trainers seminars, with an excellent response from the public. Now we have a chance to give the opportunity to all people in our country to attend this seminars that before where difficult to organize out of Santiago de Chile.

It is expected to have these competitions as regular in the annual calendar.

We thank FIDE for the trust and support provided.
