**Eritrean National Chess Federation**

## Introduction

By the law of Eritrean Sport Proclamation N° 131/2003, The Executive Board of the Eritrean National Chess federation is working for developing chess sport from the day of their election (June 8<sup>th</sup>, 2019). And due to this, the board has planned to:-

- Introduce chess to the community
- Develop new chess players
- Improve the tactics of the registered players in the federation
- Develop new chess arbiters, trainers and organizers
- Improve the knowledge of the registered arbiters and trainers
- Conducting tournaments, and so on.

During the year 2020, the Executive Board planned to implements some of the previous mentioned activities. To implement the mentioned activities, they need a budget. According to this, the federation has received a fund from the Commission of Culture and Sports of the State of Eritrea, World Chess Federation (FIDE), Arab Chess Federation and Eritrean National Olympic Committee.

However, due to the worldwide COVID-19 pandemic, most of this ambitions of the Executive Boards couldn't be achieved.

## Funds

### World Chess Federation (FIDE) / Planning and Development Commission (PDC)

The federation has received a 5,000.00 USD from FIDE Planning and Development Commission (PDC) in the fourth quarter of the year 2020. Due to the lockdown to prevent spreading of the COVID-19 pandemic, the board of the federation sees that the better way to use the fund is to implement it in the right place to develop chess sport in Eritrea. With the situation of the lockdown and weak internet connection, the board decided to purchase chess materials that can help the federation to conduct tournaments which can help the players to improve. The board expected to receive the items in the end of November, 2020. With the different reasons, the federation couldn't receive it. Now, the federation expects to receive the items in the first week of March, 2021.

The only item, which the federation has received by the fund of PDC, is Swiss Manager Software. The federation is planning to conduct a training to Arbiters for how to use Swiss Manager and also conduct a tournament in little number of players.
