

## MAURITANIAN CHESS FEDERATION REPORT

First of all we would like to thank FIDE through its president and its development commission for their prestigious help towards our federation.

Our federation for the year of 2020 received from the FIDE development program an amount of 4,457 Euros (\$ 5,000) which was mainly intended for the development of chess in schools, youth and women but given the pandemic the schools were closed. for a long time which delayed the school chess program but nevertheless we integrated chess in two schools including one in Zouérate in a region far from the capital, we also created clubs and organized some events.

Our project has also seen several training courses for youth, some of which continue with local trainers paid by federation and others online with a grand master via zoom, we bought several chess set and demo boards, We are also participated by a mixed team in the online chess Olympiad and achieved good results without forgetting the cadets and juniors world cup with a qualifier from the African continent under 14 in the final stage. We are also preparing a national women's team for the next Olympiad.

We first certified four of our arbiters as National Arbitrator (NA) so that they could attend the arbitrator's Seminar hosted by the Asian Chess Federation, which was awarded two arbiters (FA) titles. We held a CIS online seminar with 13 successful participants to prepare for chess in school next year.

We organized training on swiss manager for national arbiters and a tournament (under 14 years) in Zouérate (city far to our capital) and three tournaments in our capital Nouakchott including a tournament (under 10 years), a fast tournament (Swiss system) qualifying for the national independence tournament (round robin system).

In conclusion we found that more than two thirds of the amount that was allocated went to the CIS seminar with only 13 participants who did not have the means to contribute to the fees of the seminar and the federation that supported it with the PDC fund.

## **Report on the FIDE Online School Instructors Seminar (Mauritania)**

FIDE Chess in Education Seminar Online, November 20-23, 2020

As part of the popularization of chess in schools, the Mauritanian chess federation organized under the aegis of Fide, EDU Commission and the African Chess Federation from November 20 to 23, 2020 the first seminar for instructors from the Fide school remotely via Zoom.

The speaker was GM Slim Bouaziz, FST, Fide Lecturer, IO (TUN), the assistant was Boydia Moulaye (FA, FT, SI) from Mauritania. The language of the seminar (course and exam) was French with some translations into Arabic.

13 Mauritanian candidates took part in this online seminar.

The Mauritanian Chess Federation, the International Chess Federation (FIDE Chess in Education), the African Chess Confederation and the Planning and Development Commission have contributed to the success of this training.

The goal of this seminar is to define the mission of the FIDE Instructor and to provide him with the elements of knowledge that will allow him to initiate the students to the basic rules of the game of chess, to make them discover the world of chess. and provide them with tools for reflection and analysis.

The candidates followed this seminar with seriousness and motivation. This training was beneficial for them in teaching chess to children in schools.

Candidates then took the exam to obtain the official FIDE diploma.

It should be noted that the trainer speaker Slim Bouaziz and the energetic assistant Boydia Moulaye from Mauritania did their best to ensure that the participants enjoyed this seminar.

Moreover, the candidates were satisfied with the smooth running of the seminar and the exam.

I thank the tireless and dynamic President of the Mauritanian Chess Federation, the Federal Office and the Technical Director who all contributed to the success of the event.

The lecturer

FST, IO, GMI Slim Bouaziz
