6. Lessons Learned/Future Improvements:

Funding for Chess Development in Timor-Leste from FIDE hold a very important role in the proses of chess expansion and Chess rising in the Country. Due to the Corona Virus in 2020, only at the end of the year, FXTL was able to hold the National Championships and other activities such as ratings, trainings and establishment of Chess Associations. It is concluded that, with the FIDE Funding Timor-Leste has developed better Chess in the country.

Considering the great achievements of FXTL utilizing FIDE Development Fund for Timor-Leste, it is hoped that the FIDE Development Fund would still be allocated to Timor-Leste in many years to come. This situation will level FXTL and Timor-Leste players to other Chess Federations and other players from other countries. It is also recommendable that, other than financial support, Timor-Leste Chess Federation would also be supported with chess equipment including a National Level Chess Arena.

### **3. Establishment of Chess Associations (Baucau and Manatuto Municipalities)**

In correspondence with the request of FXTL to include Chess as one of the competing sports in a Fixed Annual Sport Festival of Timor-Leste (Festival Nasional Desporto/FND- starting from 2020, FXTL has to establish Chess Association in every municipality in Timor-Leste (a total of 12 municipalities and a Special Autonomy Administrative Region-Oecusse).

In the end of 2019, FXTL has established 4 associations (AXAMBO, AXAMDIL, AXAME and ASALA). Therefore, in 2020 in the difficult situations of COVID-19, FXTL has managed and established 2 other associations which are Baucau Municipality Chess Associations (AXAMBA) and Manatuto Municipality Chess Association (AXAMAT). The total funding used for the establishment of the Associations is shown on Table 1 and the Board Members of Newly Established Associations are shown on Table 6 and 7 respectively.

#### ***4. Chess Trainings***

In both Baucau and Manatuto Municipalities, after the launching of the Associations (AXAMBA and AXAMAT), Chess Trainings focussed on the Physical Sport Teachers from Junior High Schools and Member structures of the Associations were held during a day respectively. The idea of involving the Physical Sport Teachers of Junior High School were to teach chess to the teachers which make it easier to introduce the program of “Chess in Schools” from next year on in these schools that those teachers are teaching.

Other than the Municipality of Baucau and Manatuto, in the Municipality of Lautem also held a full day training to the Structure of AXALA as well as to the players who registered to play in the Nino Konis Santana Championship in the next day. In Lautem, the total trainees were around 25 people including boys and girls. A total of 20 people from these trainees participated in the Nino Konis Santana Championship implementing 7 rounds Swiss System, rapid (10 minutes). The players and the result of the championship are shown on Chess-Results.com.

In these three separate Chess Trainings, after the theoretical chess teaching, a half day (a full day in Lautem) chess practical games given with some case studies and problems solving were very helpful to most of the trainees particularly to the players who were registered to compete in the Nino Konis Santana Championship. The teaching materials in these trainings consisted of:

1. Brief information on Timor-Leste Chess Federation,
2. Historical Background of Chess,
3. The Equipment of Chess Games,
4. The Chess Board,
5. Chess Pieces and each position and the way it moves,
6. Chess Notation,
7. Basic Principles and technics of Chess Games,
8. Introduction of Law of Chess,
9. Rules of Play and
10. Practical Sessions.

### **5. *Nino Konis Santana Championship***

In the Municipality of Lautem, every year there is a competition called Taca Nino Konis Santana (Nino Konis Santana Cup). In 2020, the Lautem Municipality Chess Association (AXALA) approached and proposed to the Organizing Committee of Taca Nino Konis Santana to include Chess in the competition. As a result, it is decided that, from the year of 2020, Chess will be one of the sport events in the stated competition and every year chess will presence in the Municipality of Lautem.

As a starting point, in 2020, Chess was opted as one of the competing sports and a very first chess competition (7 rounds, rapid with 10 minutes time control) took place in the Municipality of Lautem with a total of 20 players (8 females and 12 males). The top 6 classification from the competition is listed in Table 5; whereas the full results of the competition were shown on chess-results.com.

### **6. *Empowerment of Chess Associations***

In accordance with the FXTL plan for 2020, the Chess Association Empowerment was considered as a very important part of chess development in Timor-Leste. This is directly related to the plan of Timor-Leste Government through the Secretary States for Youth and Sports to include Chess as a competing sport in the yearly competition; the National Sport Festival from the year of 2021.

In the National Sport Festival (FND), every municipality will be represented by a team of Men and women. Meaning in FND, there will be 13 Team of Men and 13 Team of Women. To have these teams, every municipality has to establish Chess Associations in order to represent the municipality through the association in the FND. Currently, Timor-Leste already has 6 Associations being established, meaning, there are 7 more associations to be established in the early 2021 before the FND being held.

In the year of 2020 funding plan, the amount allocated to associations were around 500\$ for each established association. However, due to the fact that, most of the funding have already been used in rating tournaments and trainings, the amount allocated to associations were \$200/associations. For Lautem Municipality Chess Association (AXALA), the association empowerment fund was used as prizes to the winners from First to the Sixth Place in Nino Konis Santana Chess Championship.

## ***7. FXTL Achievements in 2020***

With the FIDE Funding for chess development, in the year of 2020, FXTL has achieved the followings:

1. More rated players were produced. A total of 19 new rated players from a current total rated player of 45 people in country wide,
2. More new players are registered in Federation and gained FIDE IDs,
3. More Chess Associations are established,
4. Some New Players as well as Association's Structural Members and Some Physical Sport Teachers from Junior High Schools (in the municipalities of Manatuto, Baucau and Lautem) participated in Chess Trainings, as an initiation of Chess in School Programs;
5. A competition at Municipality Level were held,
6. Previously established Chess Associations got Financial for administration supports.

## ***8. Conclusion***

Funding for Chess Development in Timor-Leste from FIDE hold a very important role in the proses of chess expansion and Chess rising in the Country. Due to the Corona Virus in 2020, only at the end of the year, FXTL was able to hold the National Championships and other activities such as ratings, trainings and establishment of Chess Associations. It is concluded that, with the FIDE Funding Timor-Leste has developed better Chess in the country.

## ***9. Recommendations***

Considering the great achievement of FXTL utilizing FIDE Development Fund for Timor-Leste, it is hoped that the FIDE Development Fund would still be allocated to Timor-Leste in many years to come. This situation will level FXTL and Timor-Leste players to other Chess Federations and other players from other countries. It is also recommendable that, other than financial support, Timor-Leste Chess Federation would get also be supported with chess equipment.
