NATIONAL CHESS FEDERATION (NCF): St. Kitts and Nevis Chess Federation (SKNCF)
CONTINENT: 2.3.5 Americas

CONTINENT: 2.3.5 Americas

DEVELOPMENT LEVEL: 5

Please complete ALL requested fields in this report.

1. Programme/Project Name:

Development of Chess in St. Kitts and Nevis

2. Programme/Project Dates:

September 2020 – Dec 2020

3. Summary of Project Outcomes:

We felt that the outcomes were acceptable considering especially that we are a new and small-country Chess Federation emerging at a very challenging time economically and socially. And so SKNCF did not fully meet the anticipated KPIs for that and related reasons. It has also been a struggle to get persons involved in organized chess in a seriously competitive and internationally engaging way rather than for comradery and lighthearted leisure. Nonetheless, we were not daunted. SKNCF has broken the ice and will continue to persevere.
45 persons registered for the basic training for beginners and 36 persons completed the training. Seeds have been sown and we are certain that they will germinate and flourish.

4. Breakdown of Funding Usage (Please provide supporting documents as far as possible):

Amount of funds received from FIDE=	5,000.00 US
Bank charges	(10.00)
Training of Arbiters	(782.71)
Training of players	(1,500.00)
Balance	2,707.29

5. Any funds not yet used? Yes No

If No, please provide reasons and details on how and when the funds will be utilised:

The unused have been allocated for the following purposes:

APPENDIX D – REPORT ON FUNDING

- 1) Due to circumstances beyond our control (COVID plus the availability of resource person) the training of instructors is now pending. The funds that were previously allocated to this activity will now be assigned to the development of a website.
- 2) Purchase of equipment and educational material. The sources identified previous are currently out of stock. This activity will be fulfilled as soon as the items become available

6. Lessons Learned/Future Improvements:

1. Starting a new Chess Federation, particularly in a small-island state requires diligent uphill work. But when this task is compounded by a challenge such as Covid-19 the work becomes the more difficult.
2. We recognize that building partnerships and forming alliances in all societal sectors (public, private and civic) is essential to the success our new chess federation
3. We have come to the view that maintaining a focus on children and youth will assure sustainability
4. We have come to recognize also that the strength of SKNCF must be built of a foundation of committed and competent volunteers
