

*Final Report to Fide regarding
Chess Federation of Kosova
activities*

The Chess federation of Kosova has completed the plan of activities as it had planned.

The activities carried out are :

1. Participation in European School Chess Championship
2. National Club Championship (Super League)
3. National Club Championship (Female League)
4. International Chess Tournament PRISHTINA OPEN 2022

Participation in European School Chess Championship

From April 21 - 29, 2022, the Kosovo Chess Federation took part in the European School Championship in Greece with 2 male and 2 female players .It was a good experience for our competitors in such a competition and we hope that in the following competitions they will show even better results.

Their results were as follows:

<i>Snr</i>	<i>Tit</i>	<i>Name</i>	<i>Elo</i>	<i>Pkt.</i>	<i>Rank</i>	
1		Jusufi Ahmet	1679	1,5	7	Open 17

The total costs for the participation were 6.036 euros of which 927 euros from the PDC.

National Club Championship (Super League)

21 - 25.05.2022 in Prishtina

Participants were 6 clubs with a total of 77 chess players. Champions for the ninth time was declared the chess club Dardania.

The total costs for the organization were 2.546 euros of which 927 euros from the PDC.

National Club Championship (Female League)

For the third time this year the women's team championship was held in which 7 clubs participated with 46 chess players.

Unfortunately, the number of women rated is very small and we did not have the opportunity to rate this championship in the FIDE.

Chess Club Gani Daka was declared the champion.

The total costs for the organization were 2000 euros of which 820 euros from the PDC.

International Chess Tournament PRISHTINA OPEN 2022

A total of 58 chess players from 6 countries take part in this tournament.

It was planned to be held in cooperation with the municipality of Prishtina, but at the last moment they withdrew and we had to bear all the expenses of the tournament.

With this, we also failed to organize the activity of the International Chess Day.

After 9 rounds, 3 chess players with 7 points emerge at the top of the classification table, and the champion was decided by bucholz.

GM from North Macedonia Zvonko Stanojoski was declared the champion.

APPENDIX C - KEY PERFORMANCE INDICATORS

NATIONAL CHESS FEDERATION (NCF): KOSOVO

CONTINENT: EUROPE

DEVELOPMENT LEVEL: 2

PERIOD: MAR – JUL 2022

KEY PERFORMANCE INDICATORS (KPIs)¹ are the critical (key) indicators of progress toward an intended result.

The NCF is required to measure the effectiveness of its programmes using the KPIs listed below. At the beginning of the period, the NCF is expected to complete both the **Baseline** and **End of Period-target** values. It is possible that a Federation may not be able to report on a particular KPI and this will be taken into consideration at the end of the reporting period. NCFs can also make use of the '**Comments**' field as required. The NCF is also allowed to include any additional KPIs that it considers to be relevant for reporting purposes. When the NCF is preparing its final report for the end of the reporting period, the **Actual** values of the KPIs need to be completed for each KPI identified.

KPI STRUCTURE

The KPIs' shall be divided into 4 main categories as follows:

Core: These KPIs are related to the technical operations of the federation. It includes number of active players, number of tournaments, average player ratings as well as supporting 'infrastructure' e.g. number of arbiters, trainers ETC. Most of this information can be sourced from by FIDE via its website or from the Elista office. This KPI allows FIDE to ascertain the quality/quantity of the players, technical officials events, etc...

Social/Special: These examine the engagement in additional programmes related to the work of other FIDE Commissions and their priorities. These include: females, kids/chess in education, vulnerable groups (refugees, people with special needs, chess in prisons etc.). Federations are encouraged to engage in at least one such programme. This KPI allows federations to fulfil the horizontal goals of FIDE as chess impacts several aspects of society.

Promotion: This includes the focus on the dissemination and profiling of chess activities of the federation and FIDE support. This should include mainstream and social media. It is important that chess activities are highlighted so persons within the wider communities understand the value of chess and the role of FIDE which can increase the opportunities for support.

Partnerships: This includes sponsors, strategic partners whose objectives are aligned to the federation. Strategic partners can include other government agencies, NGOS, media outlets. This KPI tracks the efforts of federations to engage other partners in the support of their mandate so as to build increased sustainability.

Of course, Federations can also include any other KPIs they see as relevant to their operations. The KPIs are listed in the table below.
