

APPENDIX C - KEY PERFORMANCE INDICATORS

NATIONAL CHESS FEDERATION (NCF): Surinamese Chess Federation

CONTINENT: Americas

DEVELOPMENT LEVEL: 4

PERIOD: October 22, 2022 till December, 19 2022

KEY PERFORMANCE INDICATORS (KPIs)¹ are the critical (key) indicators of progress toward an intended result.

The NCF is required to measure the effectiveness of its programmes using the KPIs listed below. At the beginning of the period, the NCF is expected to complete both the **Baseline** and **End of Period-target** values. It is possible that a Federation may not be able to report on a particular KPI and this will be taken into consideration at the end of the reporting period. NCFs can also make use of the '**Comments**' field as required. The NCF is also allowed to include any additional KPIs that it considers to be relevant for reporting purposes. When the NCF is preparing its final report for the end of the reporting period, the **Actual** values of the KPIs need to be completed for each KPI identified.

KPI STRUCTURE

The KPIs' shall be divided into 4 main categories as follows:

Core: These KPIs are related to the technical operations of the federation. It includes number of active players, number of tournaments, average player ratings as well as supporting 'infrastructure' e.g. number of arbiters, trainers ETC. Most of this information can be sourced from by FIDE via its website or from the Elista office. This KPI allows FIDE to ascertain the quality/quantity of the players, technical officials events, etc...

Social/Special: These examine the engagement in additional programmes related to the work of other FIDE Commissions and their priorities. These include: females, kids/chess in education, vulnerable groups (refugees, people with special needs, chess in prisons etc.). Federations are encouraged to engage in at least one such programme. This KPI allows federations to fulfil the horizontal goals of FIDE as chess impacts several aspects of society.

Promotion: This includes the focus on the dissemination and profiling of chess activities of the federation and FIDE support. This should include mainstream and social media. It is important that chess activities are highlighted so persons within the wider communities understand the value of chess and the role of FIDE which can increase the opportunities for support.

Partnerships: This includes sponsors, strategic partners whose objectives are aligned to the federation. Strategic partners can include other government agencies, NGOS, media outlets. This KPI tracks the efforts of federations to engage other partners in the support of their mandate so as to build increased sustainability.

Of course, Federations can also include any other KPIs they see as relevant to their operations. The KPIs are listed in the table below.

A Special Edition

Srefidensi International Tournament

China VS the CARIBBEAN

Report made by Rosangela dos Ramos

Acknowledgments

The Srefidensi Online Blitz International Tournament is the 6th edition of the Srefidensi tournaments. The previous editions were held over the board, but because of the time limitation to organize an OTB tournament and on request of the Chinese Chess Association to hold the second part of this tournament (the China vs Caribbean team match) online, we decided to hold the 6th edition online. The Srefidensi Online Blitz International Tournament was open to all Caribbean countries and we 7 other federations who participated in this tournament.

At the end of the tournament the Surinamese Chess Federation selected the best 4 Caribbean players to represent team Caribbean in the China vs Caribbean team match. The collaboration with the Chinese Chess Association to organize a Caribbean/China tournament was something that came up during a meeting of the executive board of the Surinamese Chess Federation with the ambassador of China in Suriname. For this we would like to express our gratitude to the ambassador of China in Suriname, H.E. Mr. HAN Jing. Also thank you to the Chinese Chess Association for making this collaboration possible.

We would also like to thank the FIDE, especially the planning and development commission, for their support in providing us with the funds needed to organize this tournament.

Thank you to all the Caribbean federations, who have participated in this tournament and helped made this a success.

A special thank you to president of The Confederation of Chess for Americas (CCA), Jose Carillo Pujol for expressing his support for the Srefidensi Online Blitz International 2022.

Also a big thank you to the chess.com support team and Judit Sztaray for their guidance in organizing this tournament online on the chess.com platform.

At last, but not least thank you to our support and technical staff, the executive board of the Surinamese Chess Federation and most of all the volunteers.

Without all of you this would not be possible. Thank you all!

Warm regards,

Rosangela dos Ramos
Chief organizer Srefidensi Online Blitz International 2022
