

APPENDIX C - KEY PERFORMANCE INDICATORS

NATIONAL CHESS FEDERATION (NCF): Uganda Chess Federation (UCF)

CONTINENT: Africa

DEVELOPMENT LEVEL: 3

PERIOD: 2021 - 2022

KEY PERFORMANCE INDICATORS (KPIs)¹ are the critical (key) indicators of progress toward an intended result.

The NCF is required to measure the effectiveness of its programmes using the KPIs listed below. At the beginning of the period, the NCF is expected to complete both the Baseline and End of Period-target values. It is possible that a Federation may not be able to report on a particular KPI and this will be taken into consideration at the end of the reporting period. NCFs can also make use of the 'Comments' field as required. The NCF is also allowed to include any additional KPIs that it considers to be relevant for reporting purposes. When the NCF is preparing its final report for the end of the reporting period, the Actual values of the KPIs need to be completed for each KPI identified.

KPI STRUCTURE

The KPIs' shall be divided into 4 main categories as follows:

Core: These KPIs are related to the technical operations of the federation. It includes number of active players, number of tournaments, average player ratings as well as supporting 'infrastructure' e.g. number of arbiters, trainers ETC. Most of this information can be sourced from by FIDE via its website or from the Elista office. This KPI allows FIDE to ascertain the quality/quantity of the players, technical official's events, etc...

Social/Special: These examine the engagement in additional programmes related to the work of other FIDE Commissions and their priorities. These include: females, kids/chess in education, vulnerable groups (refugees, people with special needs, chess in prisons etc.). Federations are encouraged to engage in at least one such programme. This KPI allows federations to fulfill the horizontal goals of FIDE as chess impacts several aspects of society.

Promotion: This includes the focus on the dissemination and profiling of chess activities of the federation and FIDE support. This should include mainstream and social media. It is important that chess activities are highlighted so persons within the wider communities understand the value of chess and the role of FIDE which can increase the opportunities for support.

Partnerships: This includes sponsors, strategic partners whose objectives are aligned to the federation. Strategic partners can include other government agencies, NGOS, media outlets. This KPI tracks the efforts of federations to engage other partners in the support of their mandate so as to build increased sustainability.

Of course, Federations can also include any other KPIs they see as relevant to their operations. The KPIs are listed in the table below.

IM Norm Requirement:

In order to achieve an IM norm in a 9-round tournament, you have to:

- 1) At least 50% of opponents shall be title-holders
- 2) At least 1/3 with a minimum of 3 of the opponents must be IMs or GMs
- 3) Play at least three IMs and five title holders; no more than two players may be without a FIDE- ELO rating (including yourself)
- 4) Play against players from at least three federations, and no more than six from the same federation (including yourself)
- 5) Additional information is available in Arbiters Manual 2022 Chapter 7: Fide Title Regulations (B01)

Players can also obtain norms of more than 9 rounds, provided that they achieve a 2451 Performance rating. The normal way of getting the IM title is by getting three of these norms, in at least 27 games (details same as with the GM title). You will also need a FIDE rating of at least 2400 on some point after the first IM norm was achieved. As above, the IM title can be awarded if the 2400 border was passed during a tournament

Players who would have scored at least 7 points in a minimum of 9 games would qualify for the IM Norms. (7/9 Minimum Games Scores). Or by an attainment of Tournament Performance rating (TPR) of 2450

Following the above scorings by the participants, none of the participants that required the IM Norm could attain it but a good number of the participants gained Elo Ratings points after the event was successfully submitted to Fide for rating purpose.

Uganda plans to hold more IM Norm Tournaments in the plan to give more opportunities/chances to many FMs – Fide Master Titled players an opportunity to try and qualify for IM Norms as soon as possible. This will definitely come along with required resources as it is an event that requires a lot of resources from several partners to come on board including more sponsors.

Overview of the tournament hall

Remarks: The Olympiad Qualifiers is part of our tradition so as to have a strong and on form Teams for both Open – Men and Ladies for a competitive representation at the world top. This edition just like the previous ones was a success as shared in the details above.

From the event, Uganda was able to have a slot for world Cup and would be holding the qualifiers to select their sole representative for the fourth coming world cup event in 2023.

Our Ladies Team was the Best Dress Code Team and was awarded by the Event Organizers.

CM Title for Egesa Emmanuel and Many other Conditional Titles of WFM and WCM awarded to Takali Milly and Patricia Kawuma respectively were amongst other achievements.

Players during the League from various Chess Clubs and Academies

Overview of the tournament hall

The National Chess League attracted players from federations like Somalia, South Sudan, Kenya, Rwanda, Afghanistan, and Hosts Uganda that always brings strong competition for our players.

Kireka Chess Clubs has of late been dominant as it boasts of stronger players as compared to the other competitors of other clubs.

They won this edition and sent a message to the other clubs to better their opposition in next edition.

The League is a one way pathway for most players to gain Elo Ratings because there is a lot of playing time and with unique formats for Classical, Rapid and Blitz

Purchasing of Chess Clocks, Web Hosting

Acquisition of Chess Clocks. Due to increase in the number of chess players, there were insufficient clocks and as result more 50 clocks were purchased.

Conclusion and Recommendations:

Conclusion: There has been tremendous exploits in terms of rated players, More Titled players, more Fide IDs created which shows grassroots development of the noble game. Various programs through extending chess sensitization in the refugee camps, International representation like in the Chess Olympiad, Chennai – India, got us a world cup slot; this was a very big plus for us. Lots of capacity building with more International Arbiters on the scene; these include IA Kimera Innocent, IA Mwaka Emmanuel, more others attaining IO Seminar Norms, Fide Trainer Seminars and getting respective Titles in the training expertise.

Recommendations:

- Continued International presence to boost on rating progress and eventual Fide ranking list for Uganda.
- Holding more rated National Championships so as to have more rated players.
- Chess in schools program still needs a series of more chess equipments in order to reach all the hidden untapped potential across the country.

Uganda (UGA), is in the top 100 Federations at number 98 and hope to improve this ranking soon through implementation programs set, with required funding support.

TOURNAMENT FAIR PLAY POLICY DEVELOPED

UGANDA CHESS FEDERATION CHESS FAIR PLAY POLICY

Uganda Chess Federation (UCF) has the responsibility to maintain a clean, fair platform for chess players in Uganda. The UCF reserves the right to supervise and monitor all chess games played in its events or platforms. As such, all FIDE rules of chess competition and generally accepted principles and rules apply to all UCF events and tournaments.

In particular, the following rules of fair play must be observed at all times and in all events.

- Do not cheat in any way or try to unfairly influence or determine the results of a chess game or tournament.
- Match fixing is completely outlawed and banned in all UCF events and tournaments.
- All your moves (as player) must be your own.
- Do not get help from any other person, including coaches, parents, friends, or another player. Communicating to other people and use of symbols, signs or body language and facial expressions while playing is strictly prohibited.
- Do not use chess engines, software of any kind, bots, plugins, or any tools that analyze positions during play.
- Do not have your phone or other electronic gadgets (specified by the Chief Arbiter or his Deputy) with you during play.
- Do not use table bases or any other resources that show best move (in both Online and Daily/OTB chess play).
- Do not perform any automated analysis or “blunder checking” of your games in progress.
- Do not allow anyone else to use your account (for online games).
- Do not use anyone else’s account (for online games).
- Do not artificially manipulate ratings, matches, or game outcomes.
- Do not interfere with the gameplay of other members/players.
- Believing your opponent of using outside help is not an excuse to do the same. If you suspect someone is cheating, kindly report the player to tournament Arbiters of the day or to the Technical Director, or Chief Arbiter Uganda Chess Federation.
- If any persons are caught with the Federation equipments without authorization, this shall be treated as theft and punished accordingly.

Violations of the said rules will attract rebuke, caution, a fine, a suspension, a ban or any other punishment that may be acceptable under the FIDE rules and the laws of Uganda or as the UCF may deem it fit.
