

APPENDIX C - KEY PERFORMANCE INDICATORS

NATIONAL CHESS FEDERATION (NCF):

CONTINENT:

DEVELOPMENT LEVEL:

PERIOD:

KEY PERFORMANCE INDICATORS (KPIs)¹ are the critical (key) indicators of progress toward an intended result.

The NCF is required to measure the effectiveness of its programmes using the KPIs listed below. At the beginning of the period, the NCF is expected to complete both the **Baseline** and **End of Period-target** values. It is possible that a Federation may not be able to report on a particular KPI and this will be taken into consideration at the end of the reporting period. NCFs can also make use of the '**Comments**' field as required. The NCF is also allowed to include any additional KPIs that it considers to be relevant for reporting purposes. When the NCF is preparing its final report for the end of the reporting period, the **Actual** values of the KPIs need to be completed for each KPI identified.

KPI STRUCTURE

The KPIs' shall be divided into 4 main categories as follows:

Core: These KPIs are related to the technical operations of the federation. It includes number of active players, number of tournaments, average player ratings as well as supporting 'infrastructure' e.g. number of arbiters, trainers ETC. Most of this information can be sourced from by FIDE via its website or from the Elista office. This KPI allows FIDE to ascertain the quality/quantity of the players, technical officials events, etc...

Social/Special: These examine the engagement in additional programmes related to the work of other FIDE Commissions and their priorities. These include: females, kids/chess in education, vulnerable groups (refugees, people with special needs, chess in prisons etc.). Federations are encouraged to engage in at least one such programme. This KPI allows federations to fulfil the horizontal goals of FIDE as chess impacts several aspects of society.

Promotion: This includes the focus on the dissemination and profiling of chess activities of the federation and FIDE support. This should include mainstream and social media. It is important that chess activities are highlighted so persons within the wider communities understand the value of chess and the role of FIDE which can increase the opportunities for support.

Partnerships: This includes sponsors, strategic partners whose objectives are aligned to the federation. Strategic partners can include other government agencies, NGOS, media outlets. This KPI tracks the efforts of federations to engage other partners in the support of their mandate so as to build increased sustainability.

Of course, Federations can also include any other KPIs they see as relevant to their operations. The KPIs are listed in the table below.

APPENDIX D – REPORT ON FUNDING

NATIONAL CHESS FEDERATION (NCF):

CONTINENT:

DEVELOPMENT LEVEL:

Please complete ALL requested fields in this report.

1. Programme/Project Name:

Sustainable development of chess at every level in San Marino

2. Programme/Project Dates:

Four-years 2019-2022

3. Summary of Project Outcomes:

The project is divided into 4 basic parts: **A.** Involvement of Elite-Players; **B.** Involvement of young promises; **C.** Chess in schools; **D.** Infrastructure and maintenance: standardize the equipment of the Federation.

4. Breakdown of Funding Usage (Please provide supporting documents as far as possible):

FIDE cost and support for the investment phase: **\$ 5.000** for the year 2022.

A. Advanced Players chess lessons: **\$ 1950**. Refund of expenses for participation in international competitions: **\$ 1106**. Contribution to the affiliated company (Società Scacchistica Mikhail Tal) for competitive activity: **\$ 5336**. **B.** Chess lessons for beginners and young promises: **\$ 960**. **C.** **\$ 530**. **D.** No funds for infrastructure and maintenance.

5. Any funds not yet used? Yes _____ No X

If No, please provide reasons and details on how and when the funds will be utilised:

A. For the first time San Marino had at least a representative player in 4 international competitions organised by FIDE and/or ESNA: FIDE Chess Olympiad in Chennai, ESNA Individual Championship in Liechtenstein, ESNA Individual Female Championship in Monaco, FIDE World Junior Championship in Sardinia (Italy). To maintain focus on these important events the amount of money dedicated to training and lessons has been invested accordingly. In 2023 the international events of such high level will be minor, but we are planning to restart stages and lessons for top players in 2023 with GM trainers. The affiliated company “Società Scacchistica Mikhail Tal” is supported for teams’ competitions mainly (CIS = Italian teams championship). **C.** Focus to students was reduced because of the international competitions. **D.** playing material, clocks, books, computers are sufficient for the activity.

APPENDIX D – REPORT ON FUNDING

6. Lessons Learned/Future Improvements:

A-B. A main goal is to setup a female team for international competitions (2024 chess olympiad), and to increase the number of players competing in international tournaments. New sessions of training should increase the average FIDE Rating of the players. The online courses for beginners are satisfying and appreciated.
