## CONCLUDING REMARKS

- The PDC meetings have allowed for better presentation of projects. However, there is still room for more work to be done here.
- PDC can coordinate with Zonal Presidents in order to set a strategic plan, goals, KPI's and follow their progress in the attainment of their plans.
- After almost 4years, the Planning and Development Commission, through its efforts, has clearly made a significant impact on the operations of Federations, Continental and FIDE, as a whole. The team is looking forward to expanding on the foundation that has been laid related to FIDE's operations including the need for continued accountability and transparency by all arms of FIDE.
- Team PDC can boast of having a team that was well coordinated with members aligned to the team and FIDE's objectives with the primary objective being to ensure its members and stakeholders are well served!
